SERVICE PACK CEREC 3D V3.85

Update Description

The CEREC 3D V3.85 Service Pack contains the following improvements:

■ **SIDEXIS 64-bit**
 CEREC 3D can now connect to the SIDEXIS database on 64-bit operating systems.

■ **Minor improvements**
 Various minor improvements and bug fixes enhance the overall quality of the software.

This new Service Pack requires an existing installation of CEREC 3D V3.80 or higher. CEREC 3D V3.85 includes all previous service packs.
